

10_32_19_2: I would be willing to place at least some of my data
into a central data repository with no restrictions

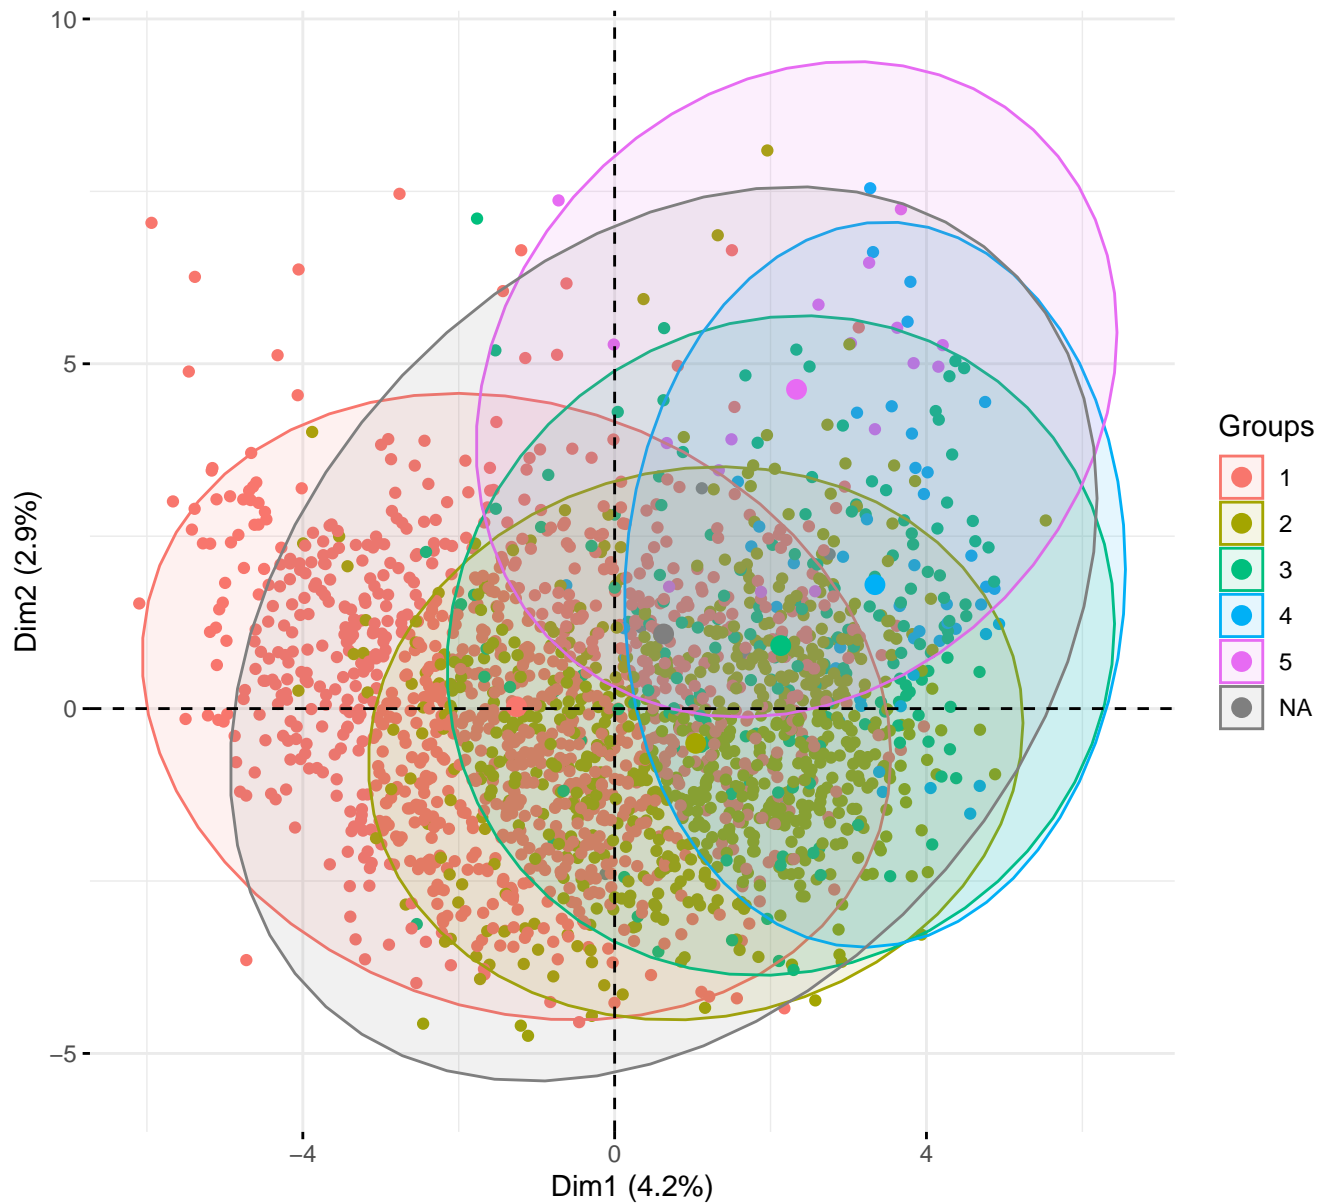

10_32_19_3: I would be willing to place all of my data
into a central data repository with no restrictions

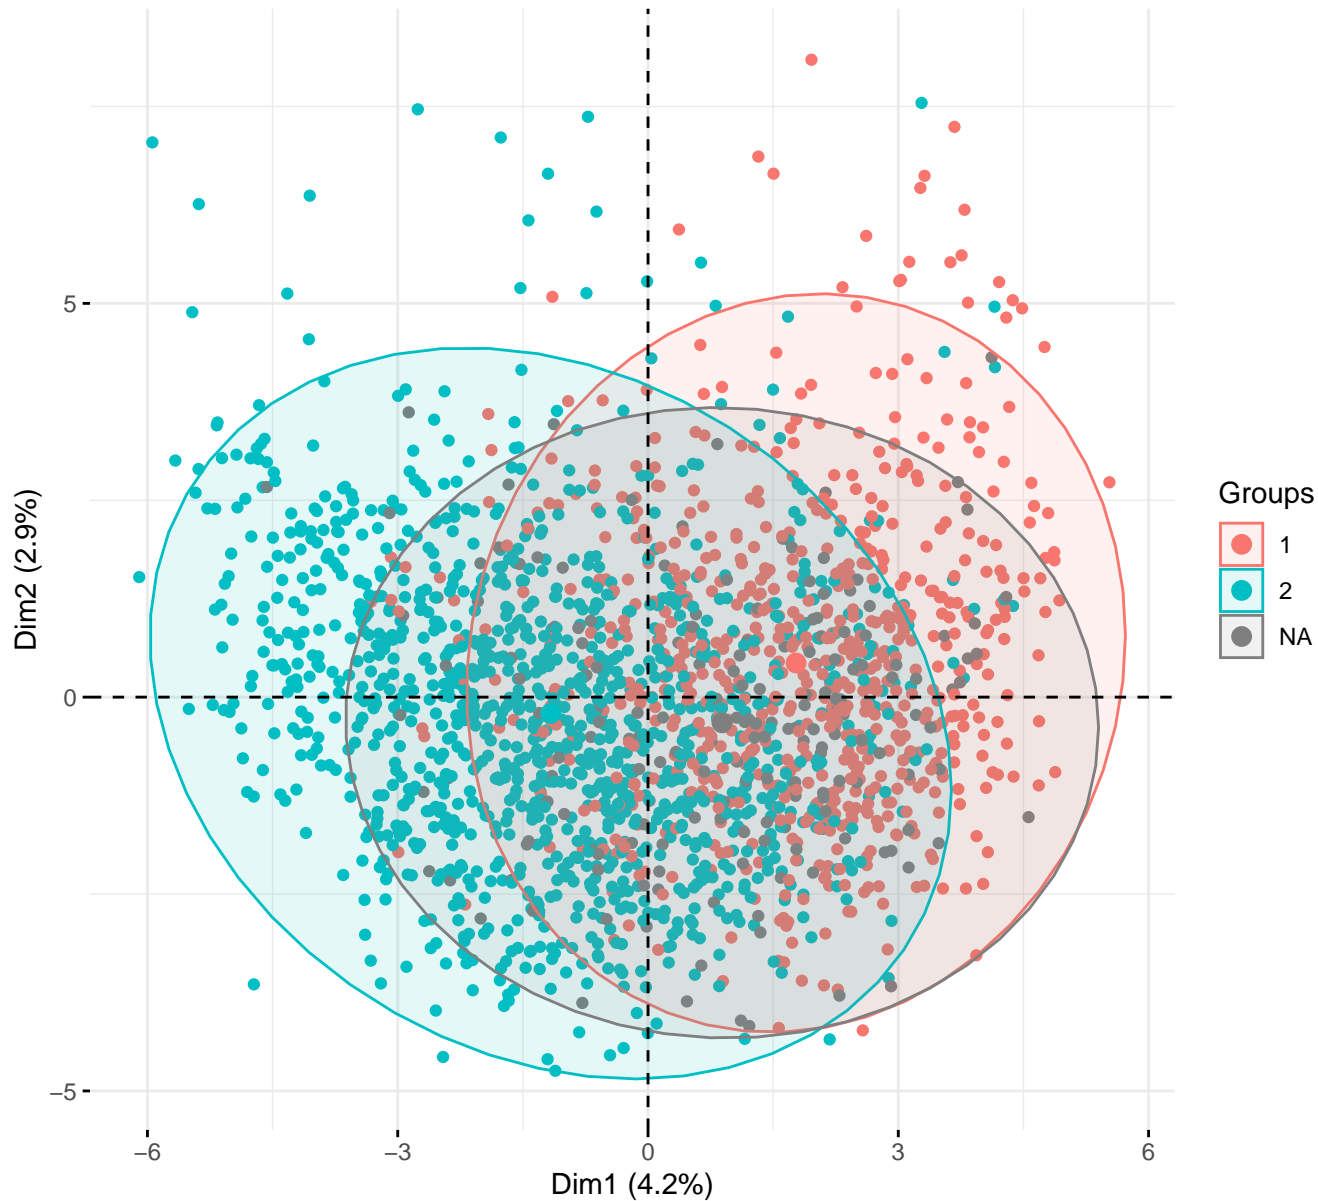

11_19_15_11: The data provider is given and agrees to
a statement of uses to which the data will be put

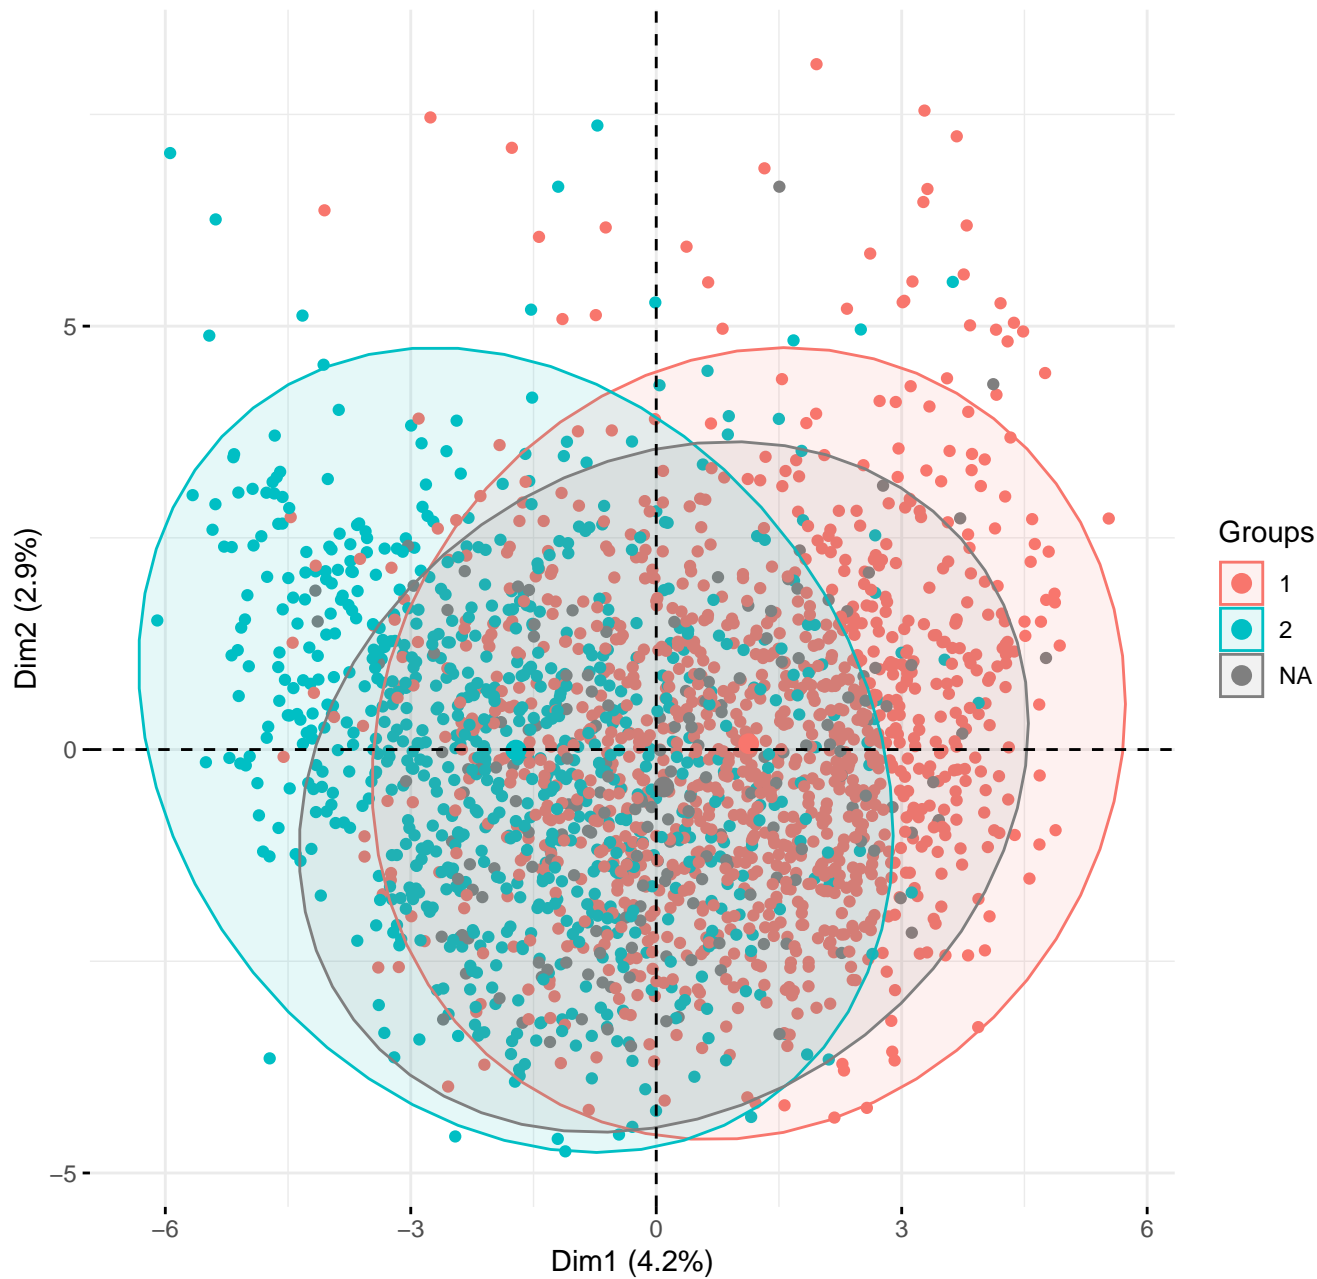

10_32_19_6: I would be willing to share data across a
broad group of researchers who use
data in different ways

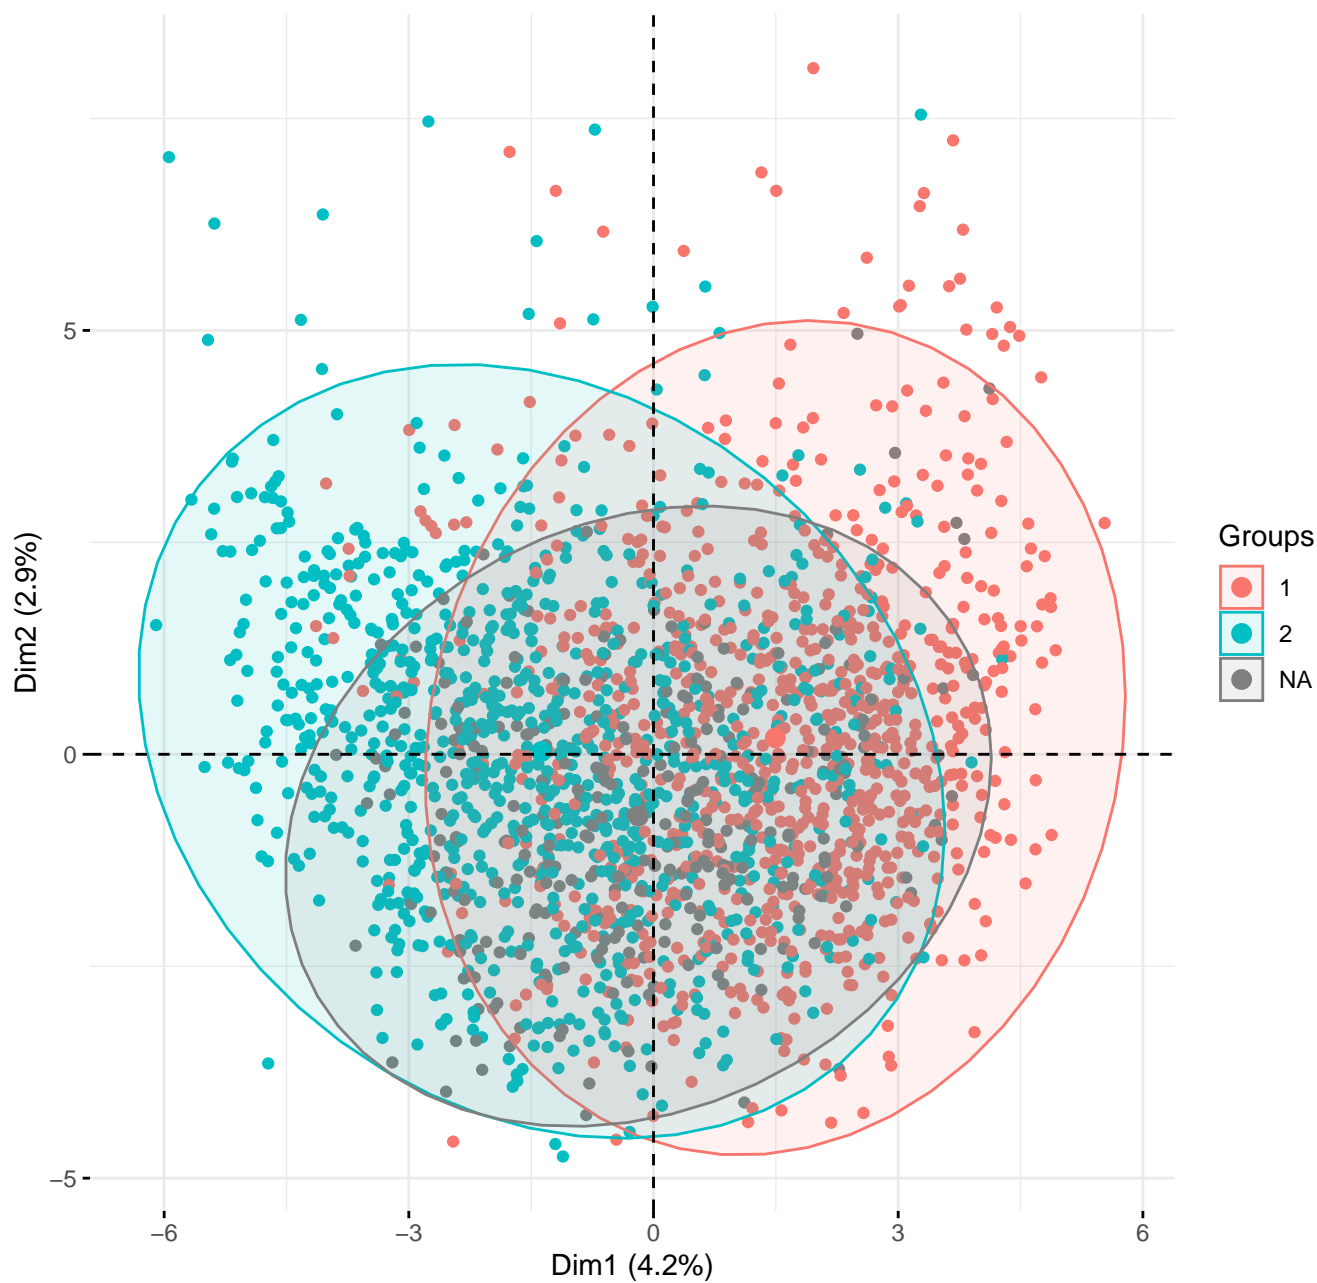

11_19_15_5: Results based (at least in part) on the data
could not be disseminated in any format
without the data provider's approval

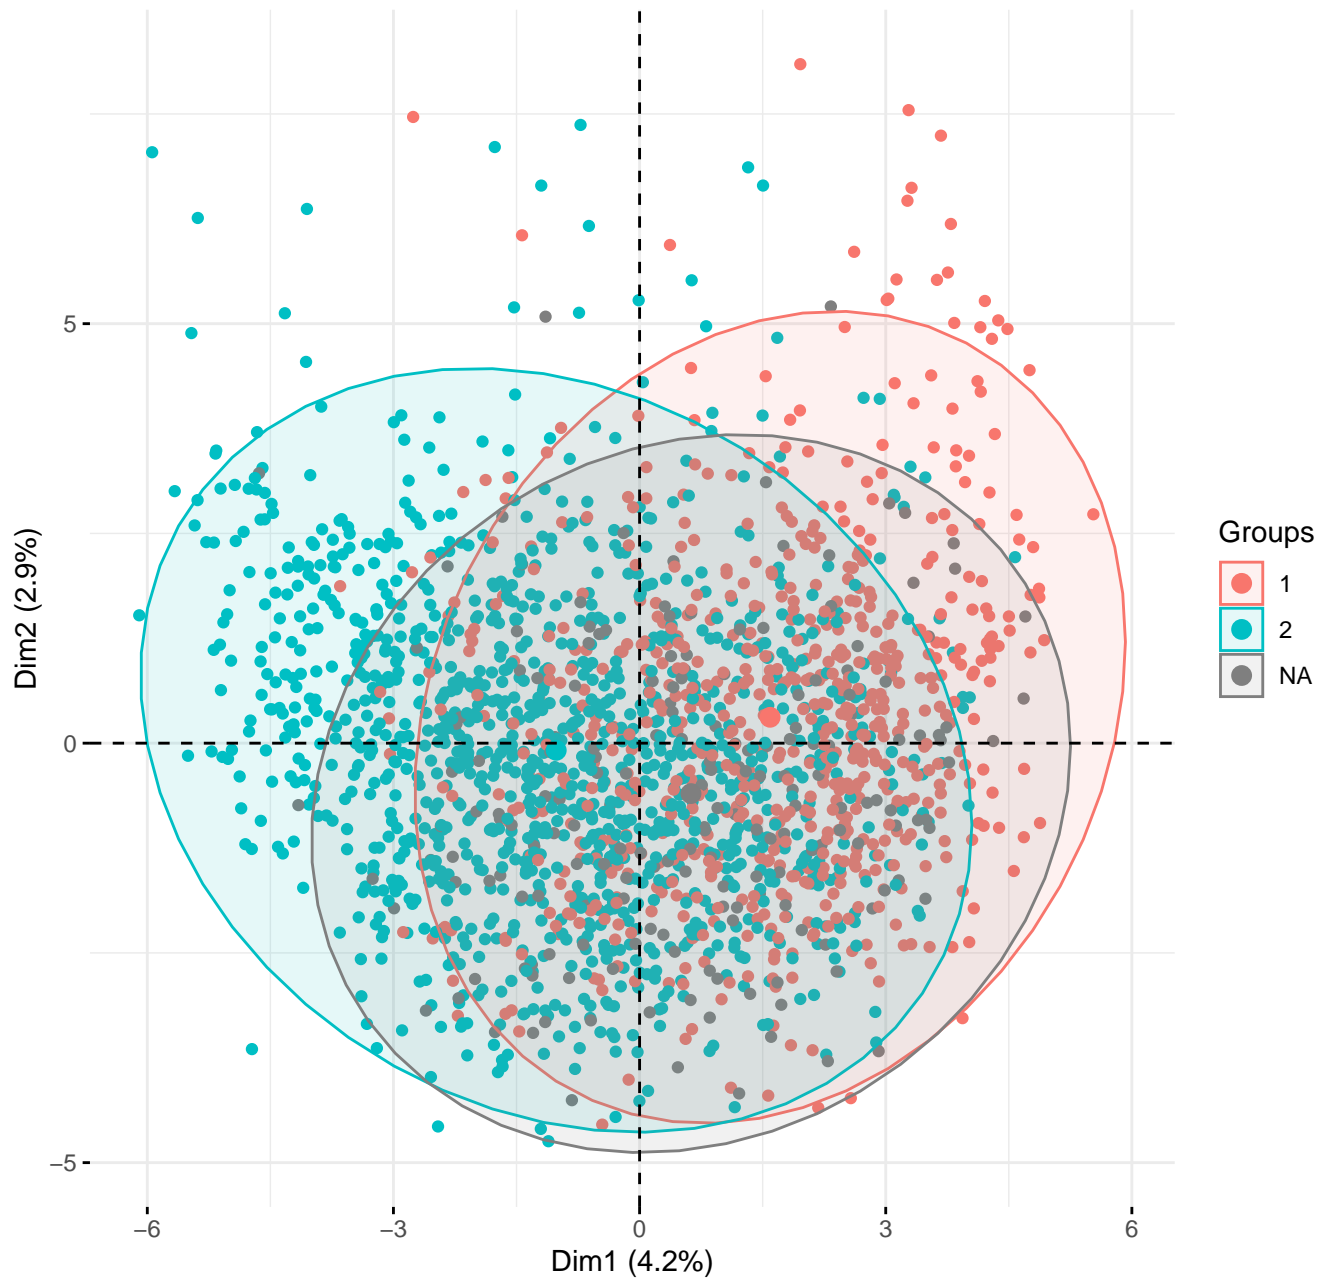

11_19_15_10: Mutual agreement on reciprocal sharing of data

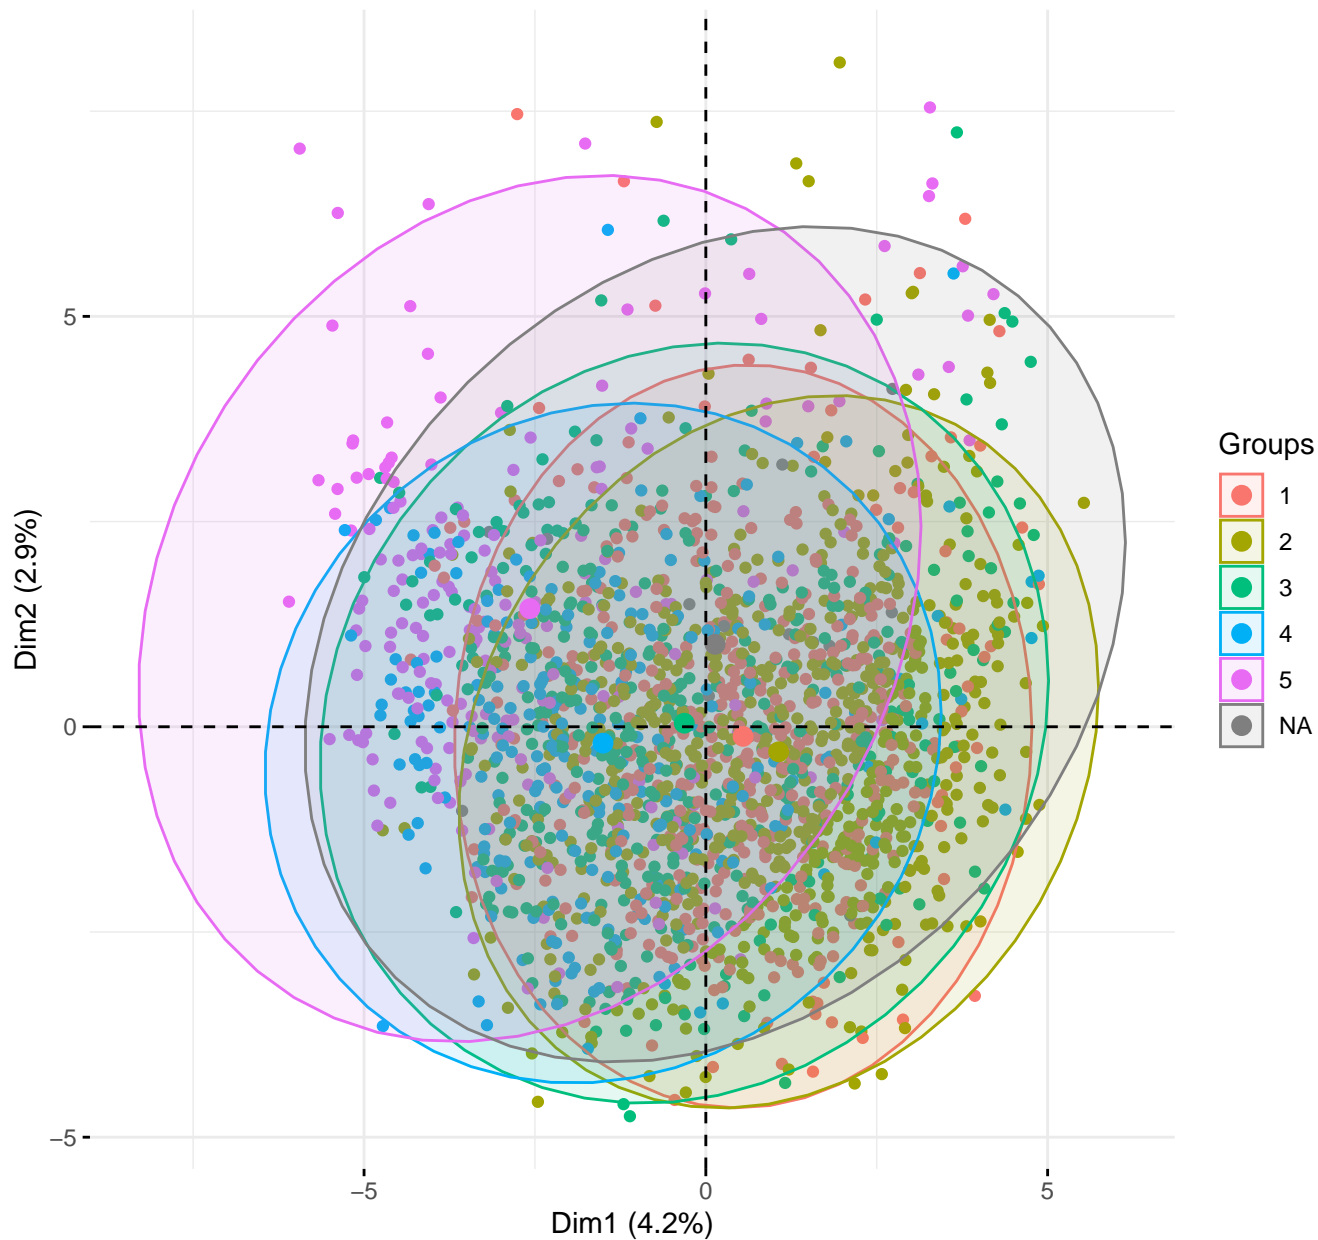

11_19_15_1: Co-authorship on publications resulting from use of the data

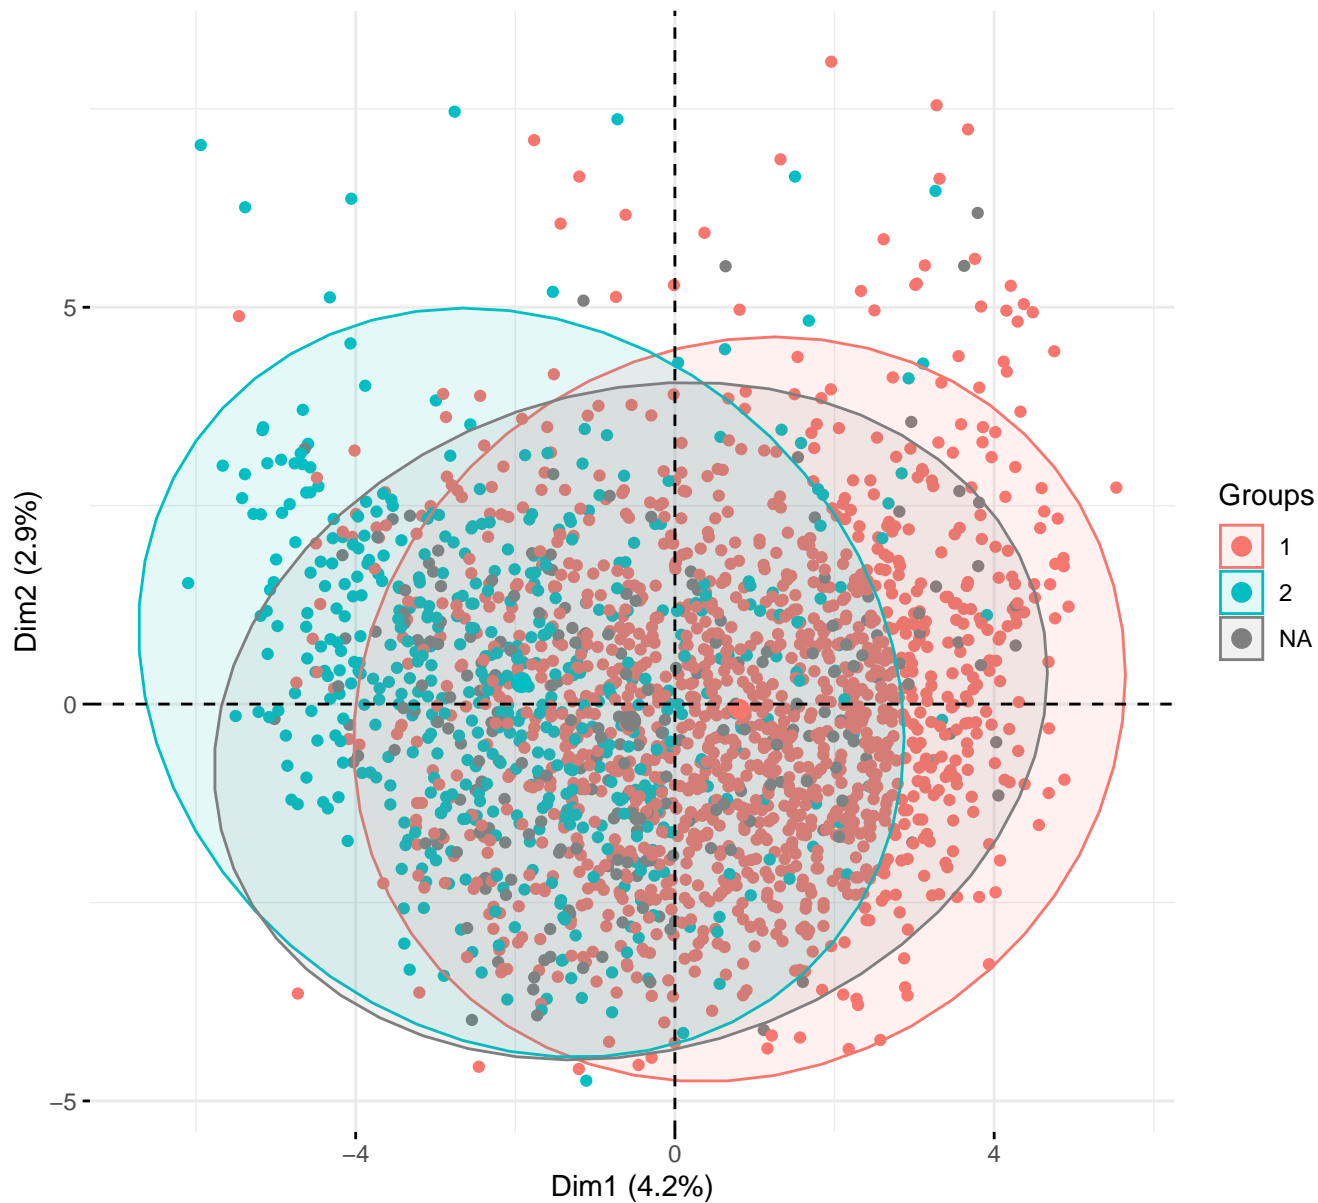

11_19_15_9: Legal permission for data use is obtained

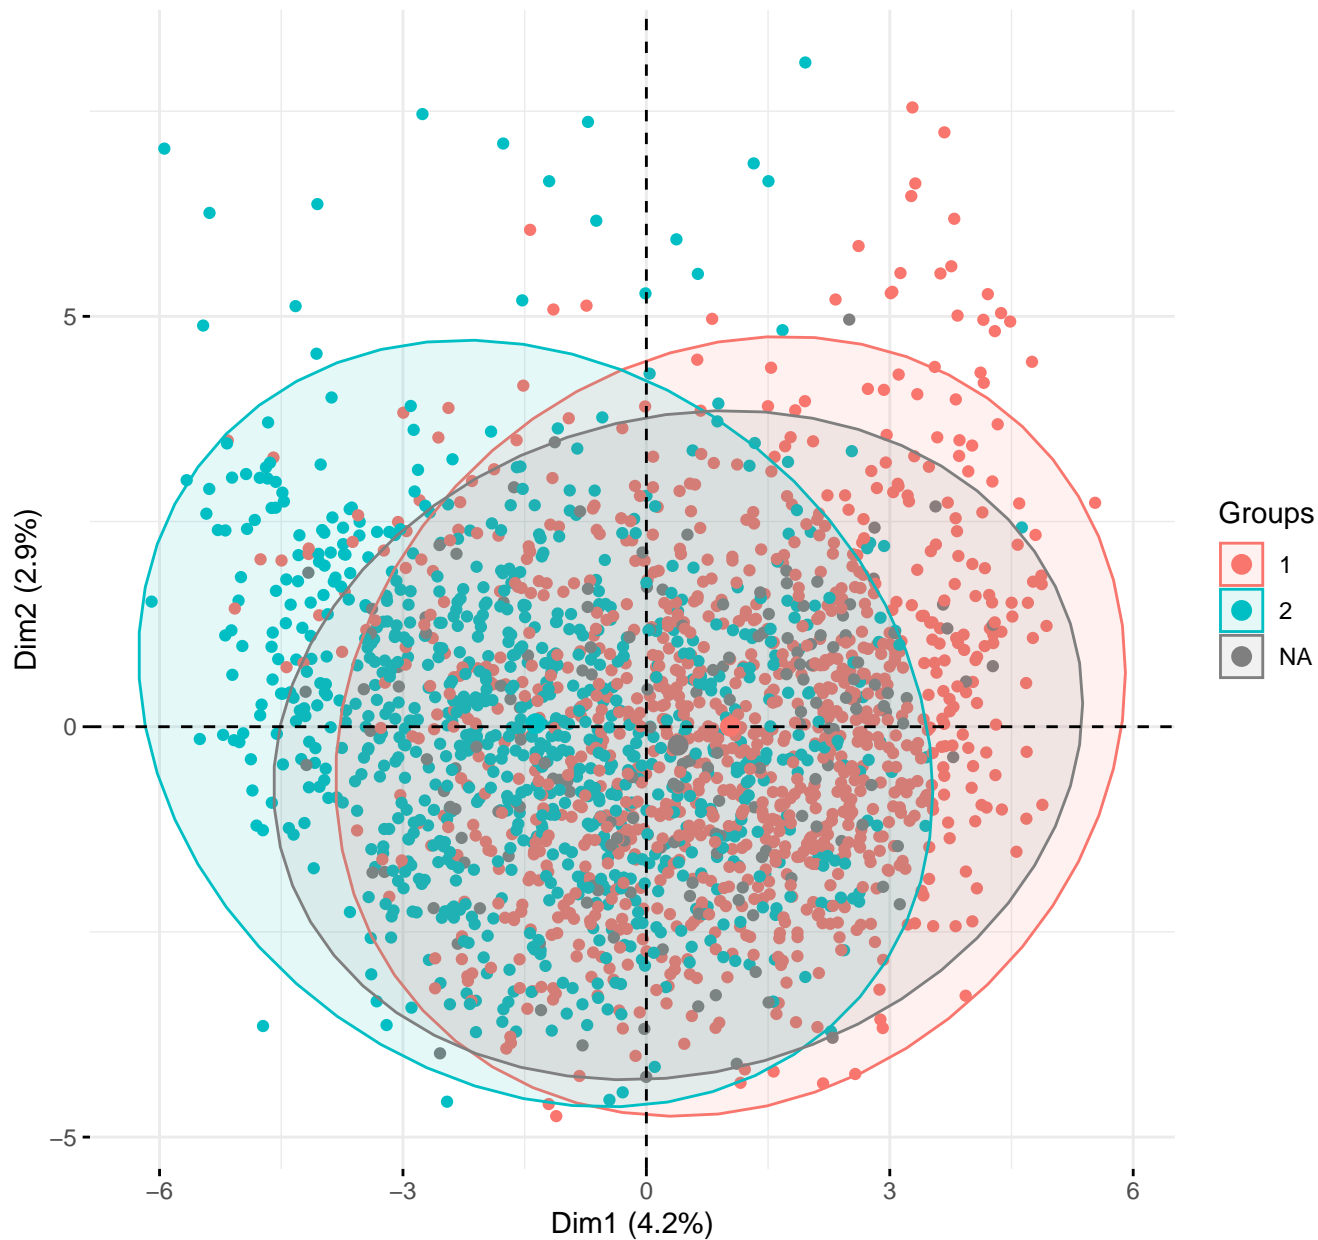

10_32_19_4: I would be more likely to make my data available
if I could place conditions on access

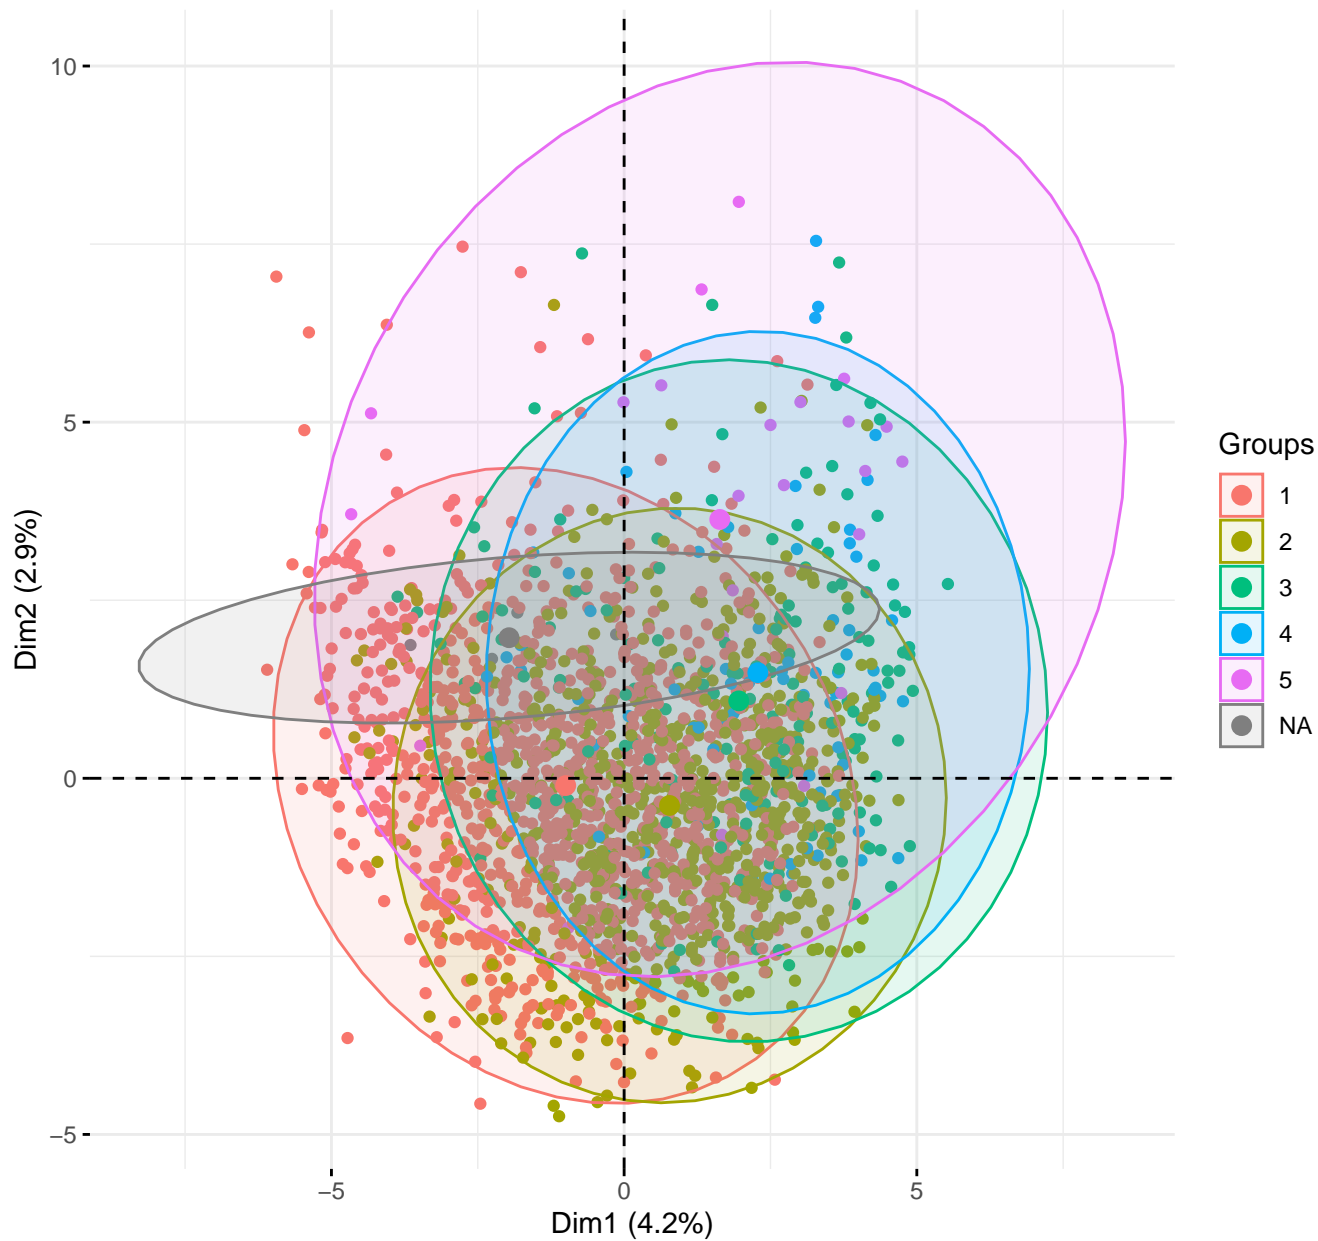

11_19_15_4: The opportunity to collaborate on the project
(including, for example, consultation on analytic methods
interpretation of results, dissemination of research results)

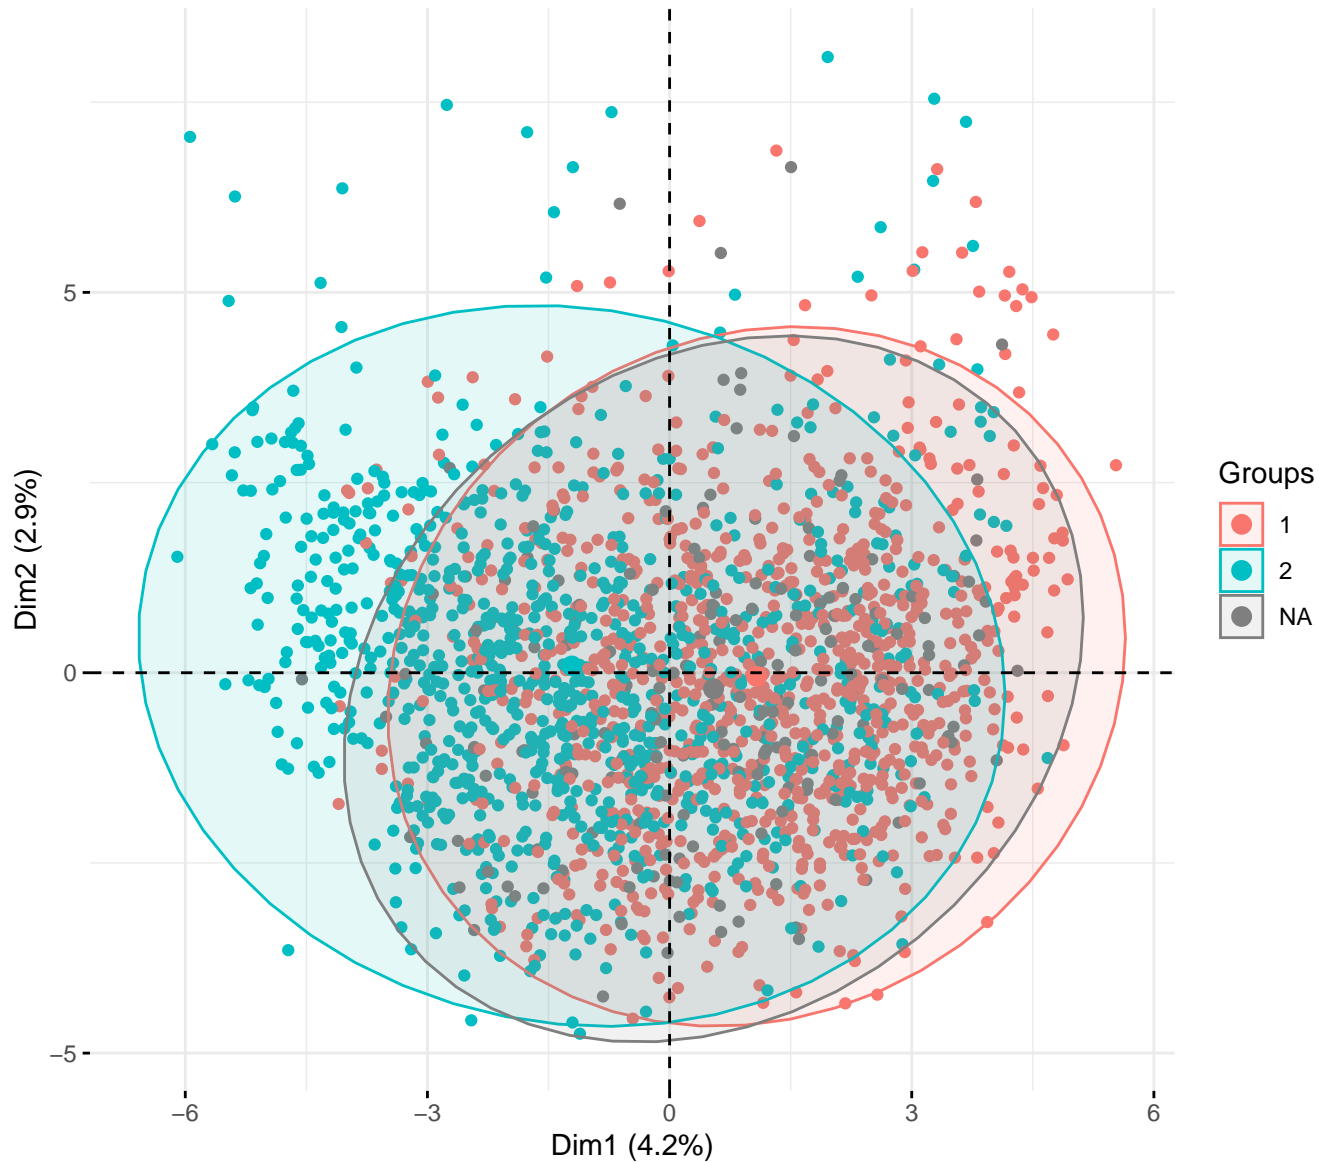

11_19_15_8: The data provider is given a complete list of all products that make use of the data, including

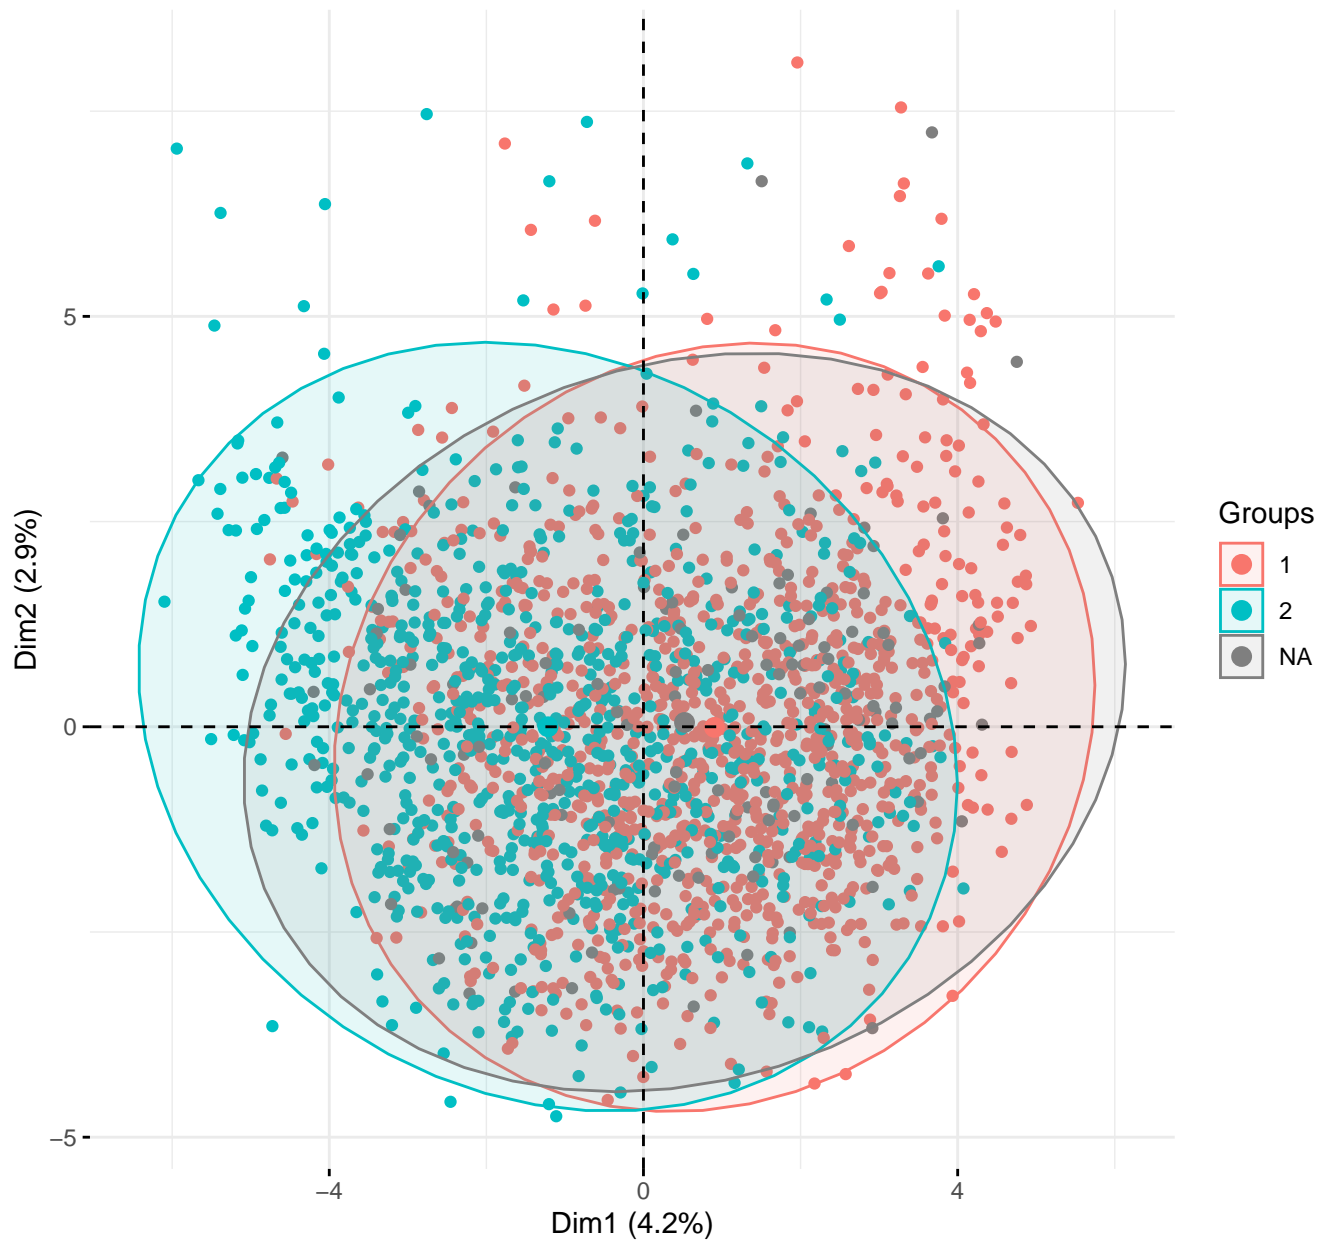

10_32_19_1: I would use other researchers' datasets if their
datasets were easily accessible

11_19_15_6: Results based (at least in part) on the data could not be disseminated without the data provider having the opportunity to review the results and make suggestions or comments, but approval not required

11_19_15_7: Reprints of articles that make use of the data
must be provided to the data provider

10_32_19_8: It is appropriate to create new datasets from shared data
