

07_17_14_2: I am satisfied with the process for searching
for my own data

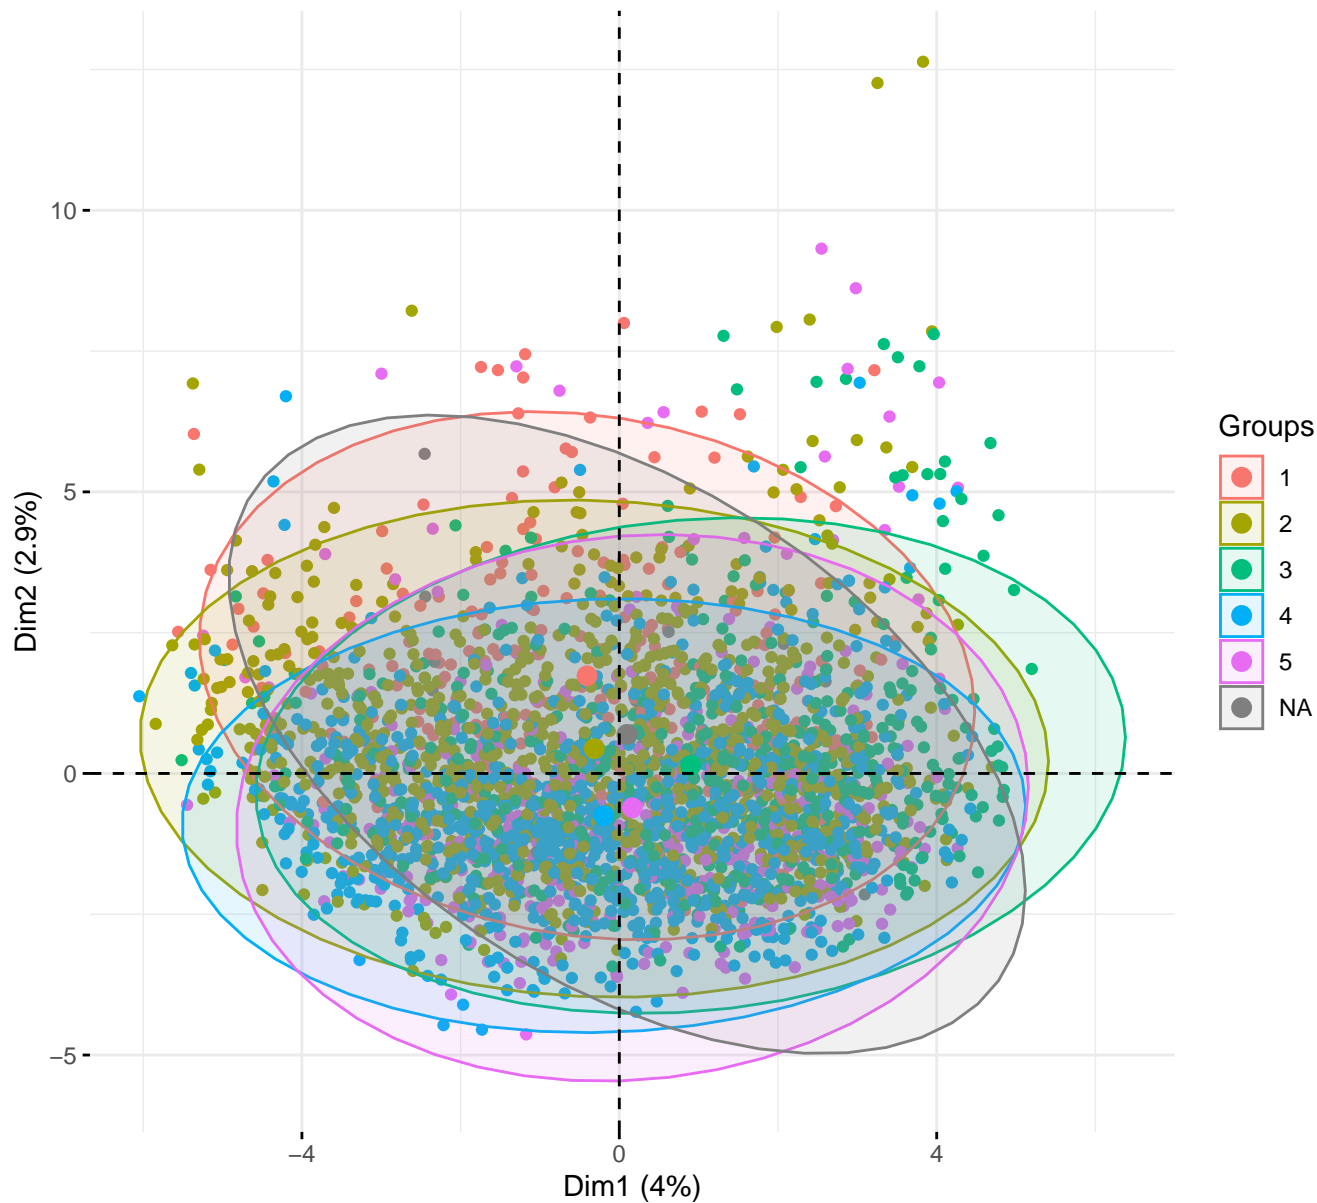

07_17_14_3: I am satisfied with the process for
cataloging/describing my data

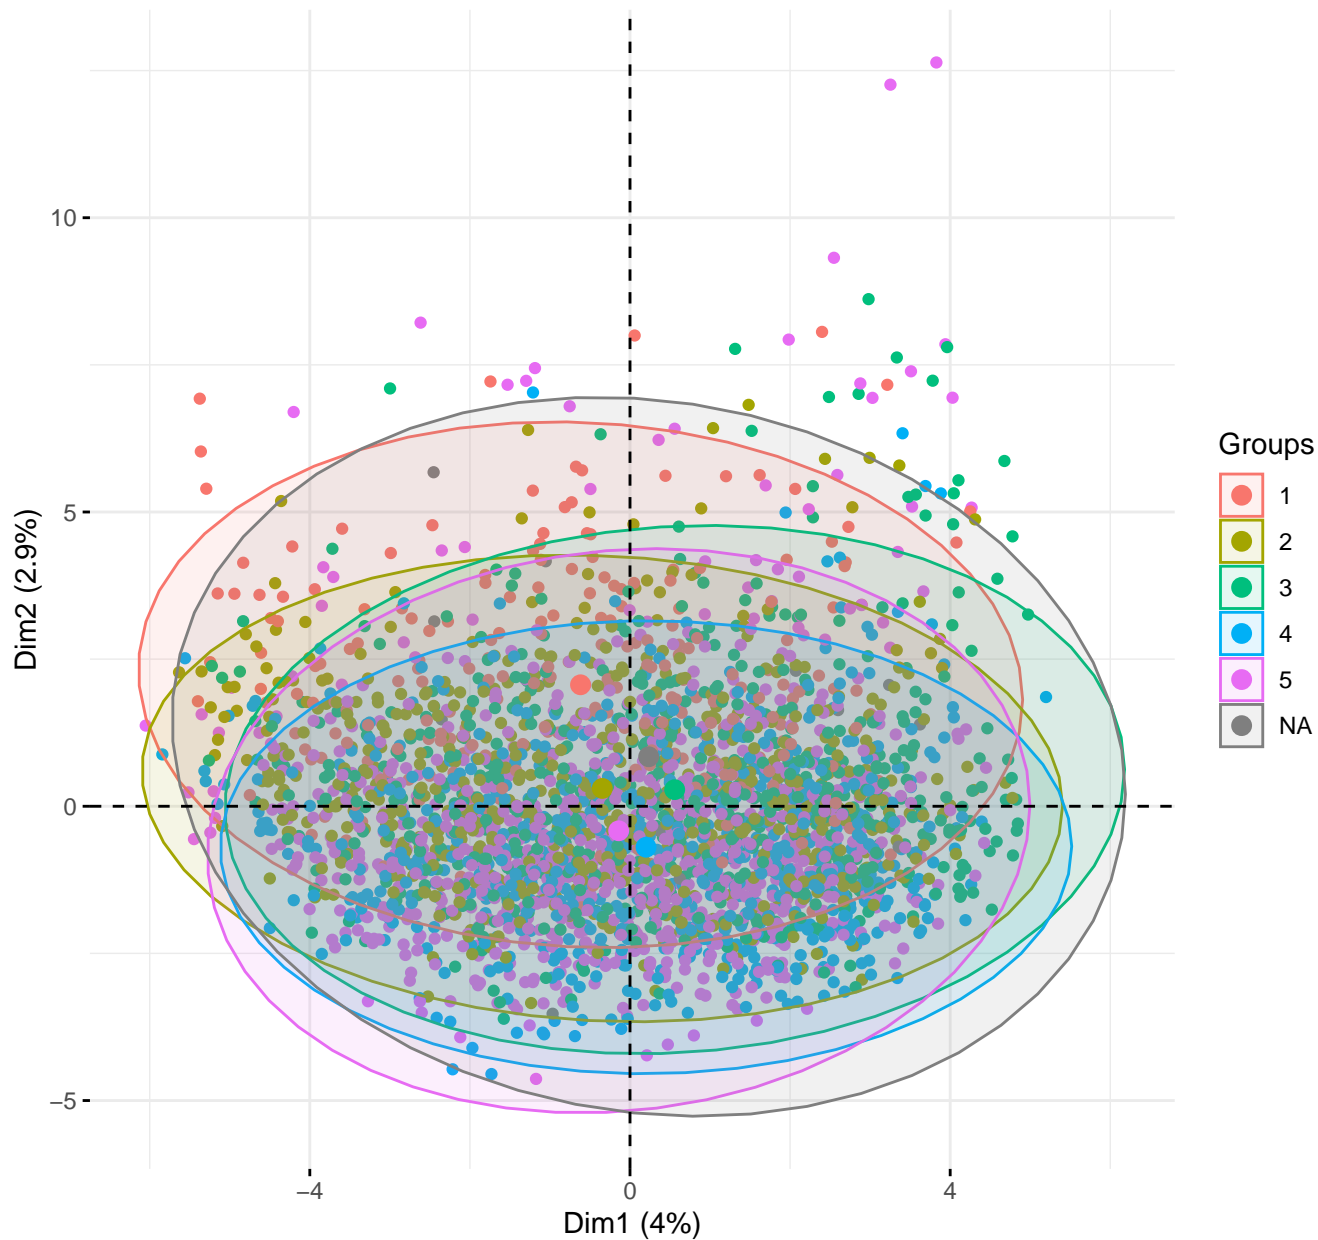

07_17_14_1: I am satisfied with the process for
collecting my research data

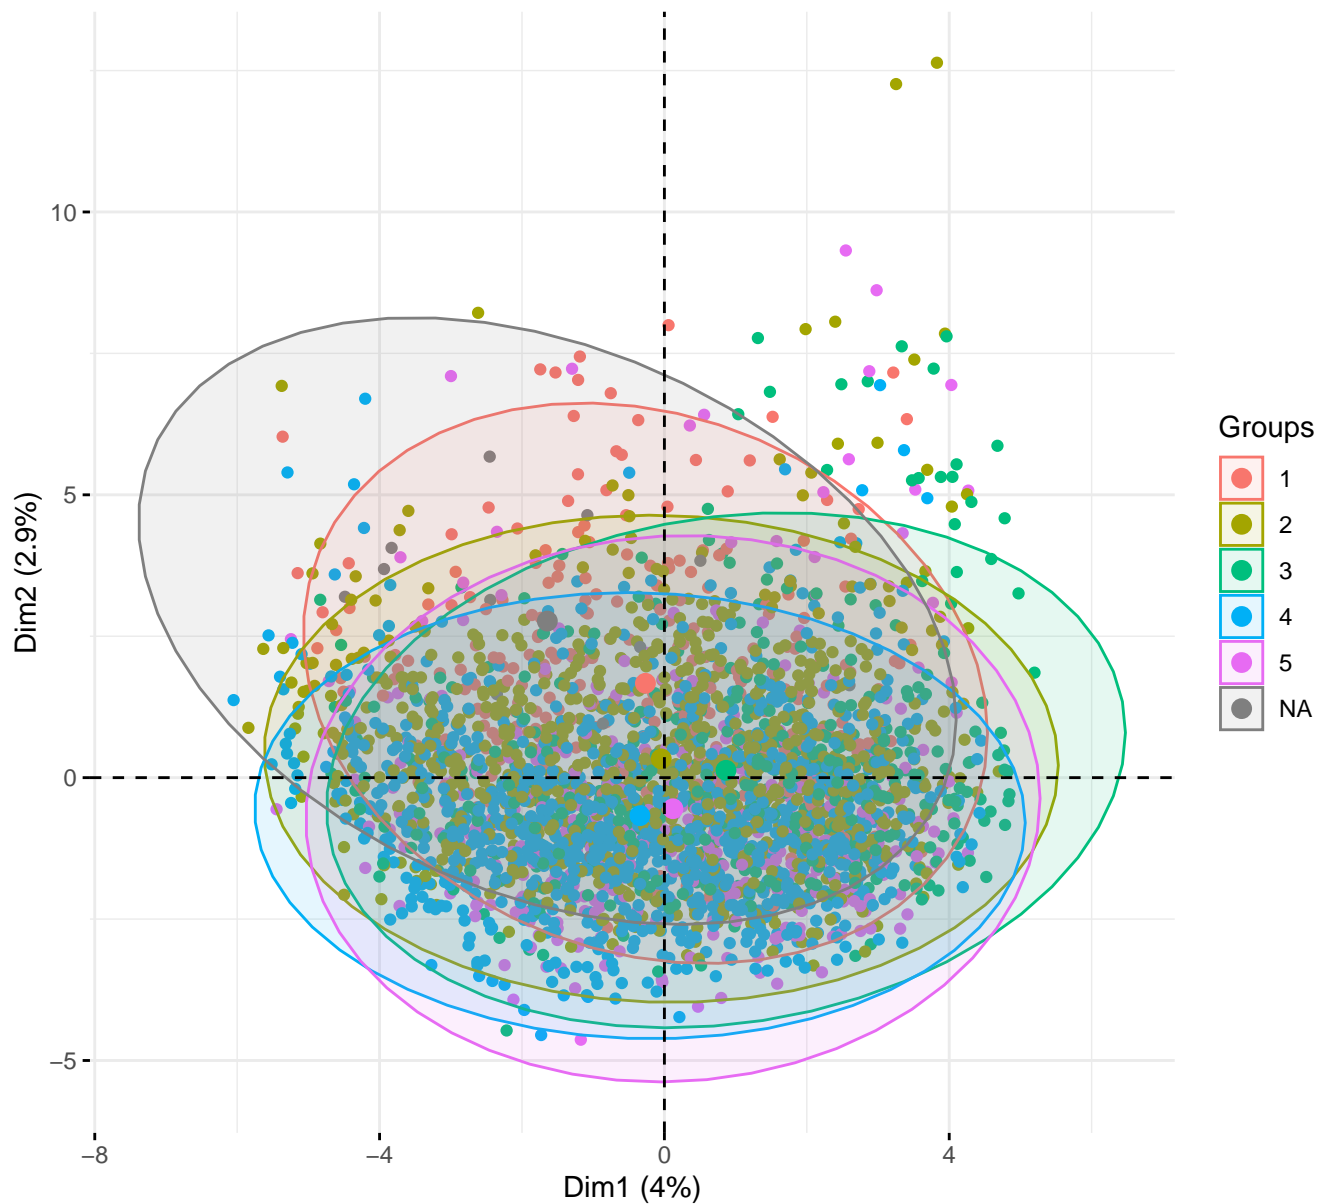

08_20_16_2: My organization or project has a formal established process for storing data beyond the life of the project (long-term)

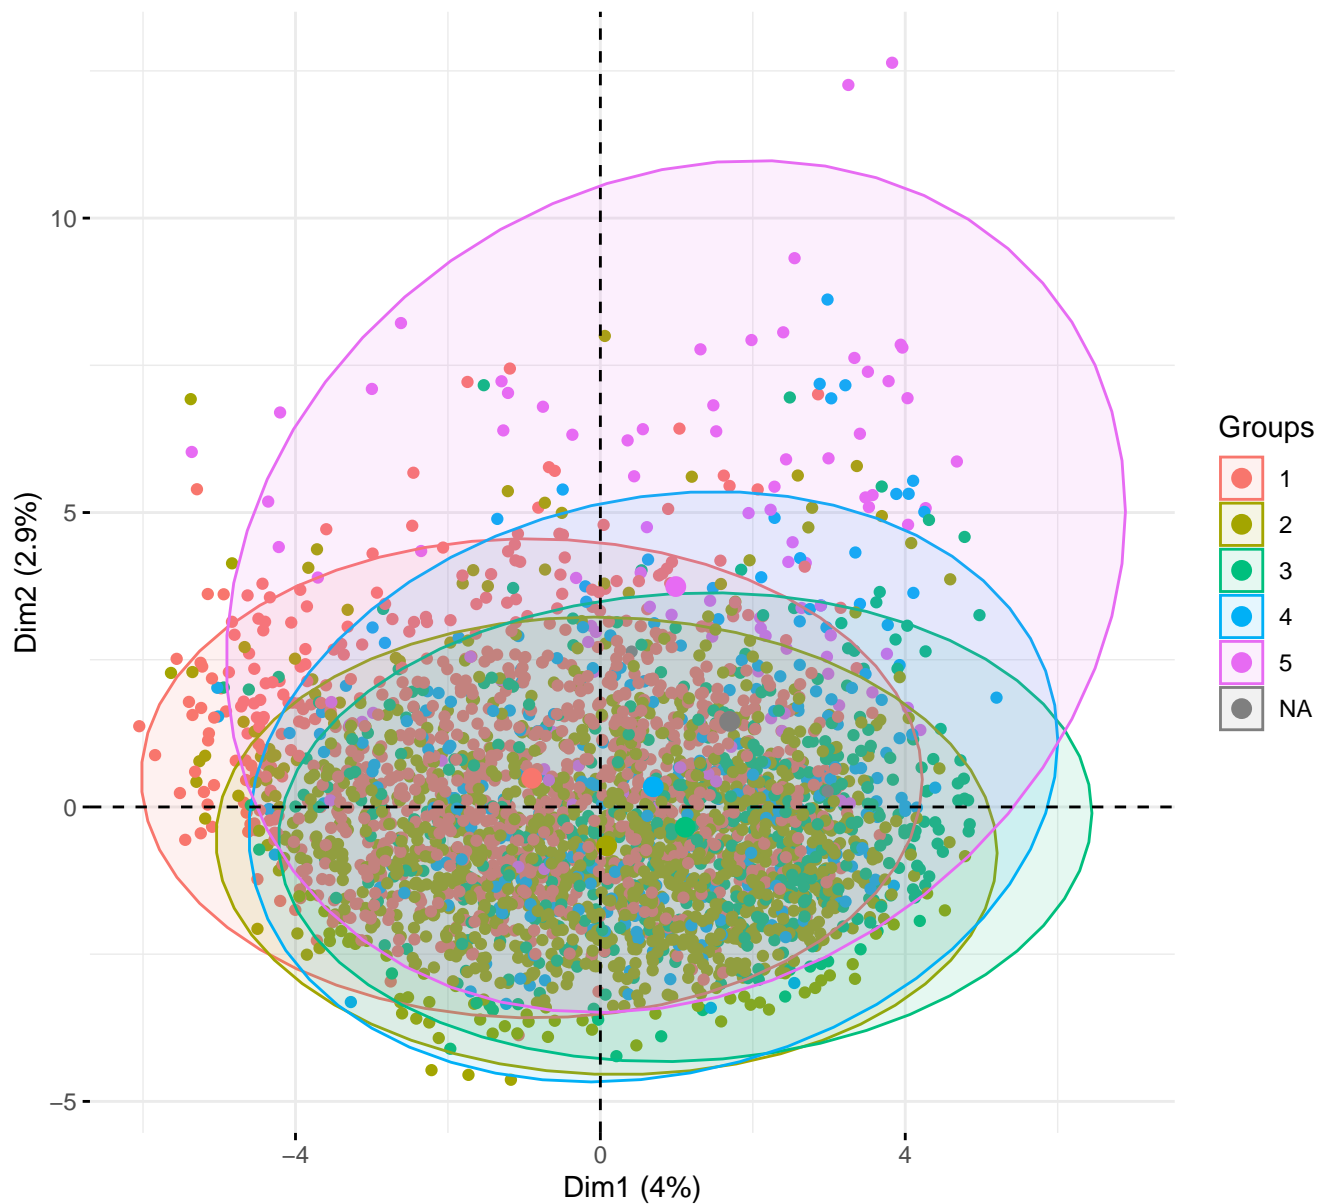

08_22_18: My organization or project provides
training on best practices for data management

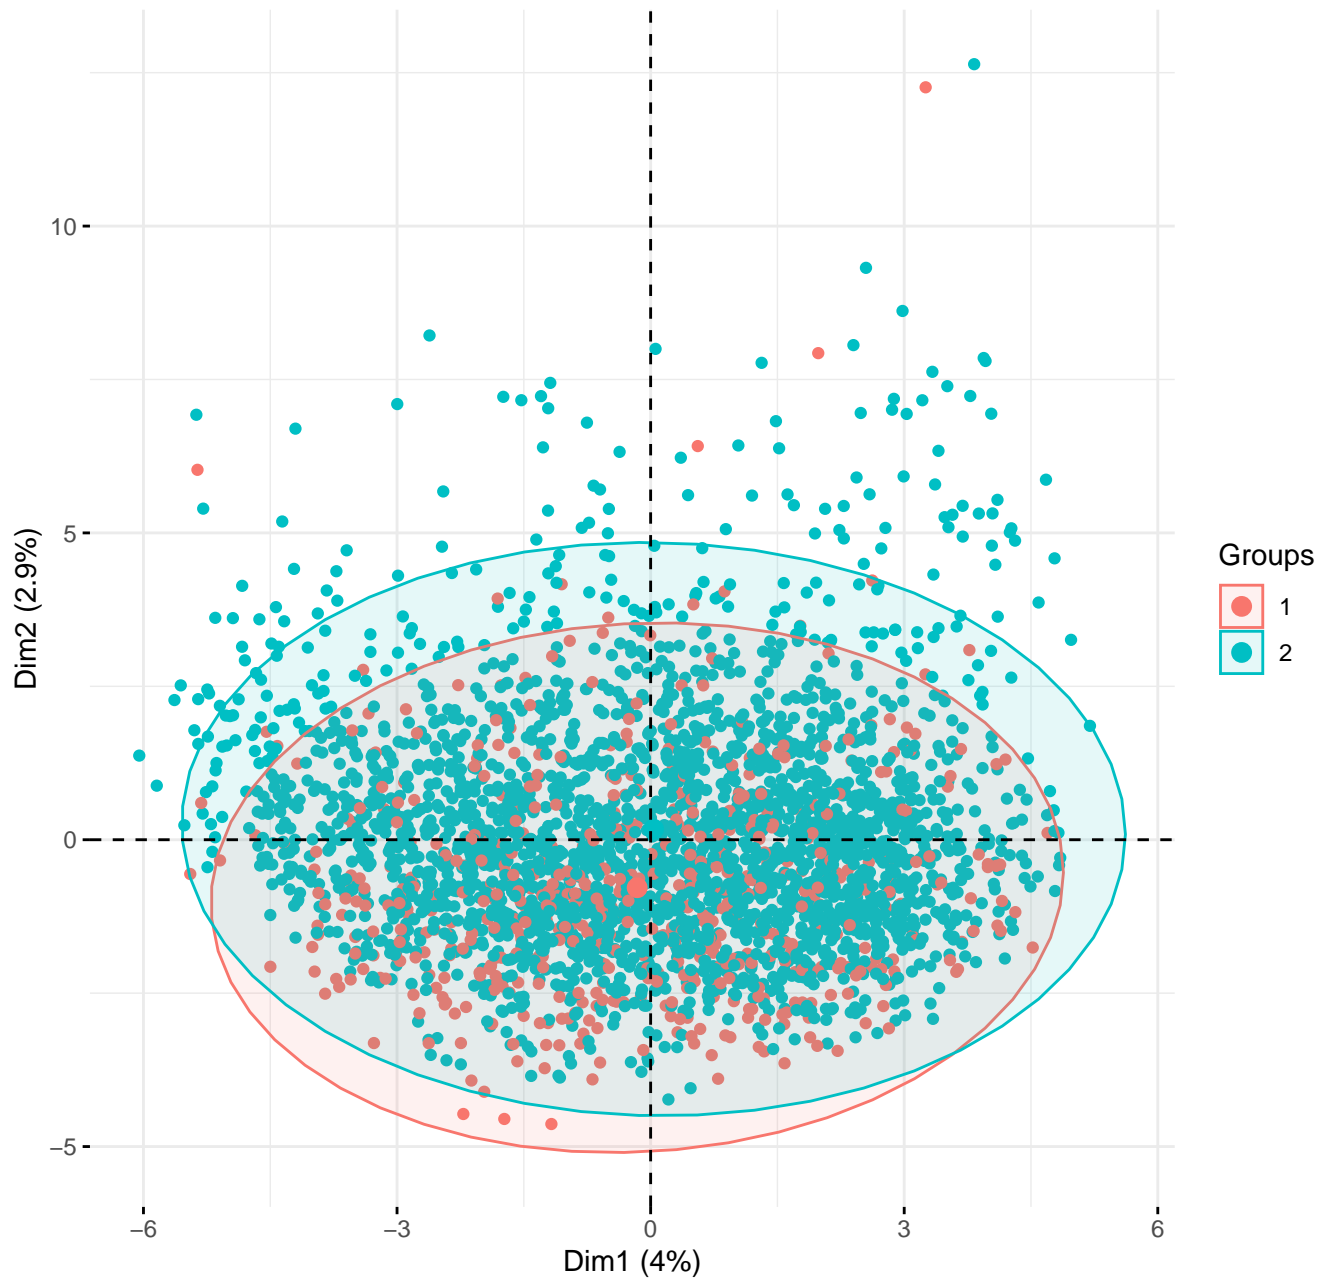

08_20_16_1: My organization or project has a formal established process for managing data during the life of the project (short-term)

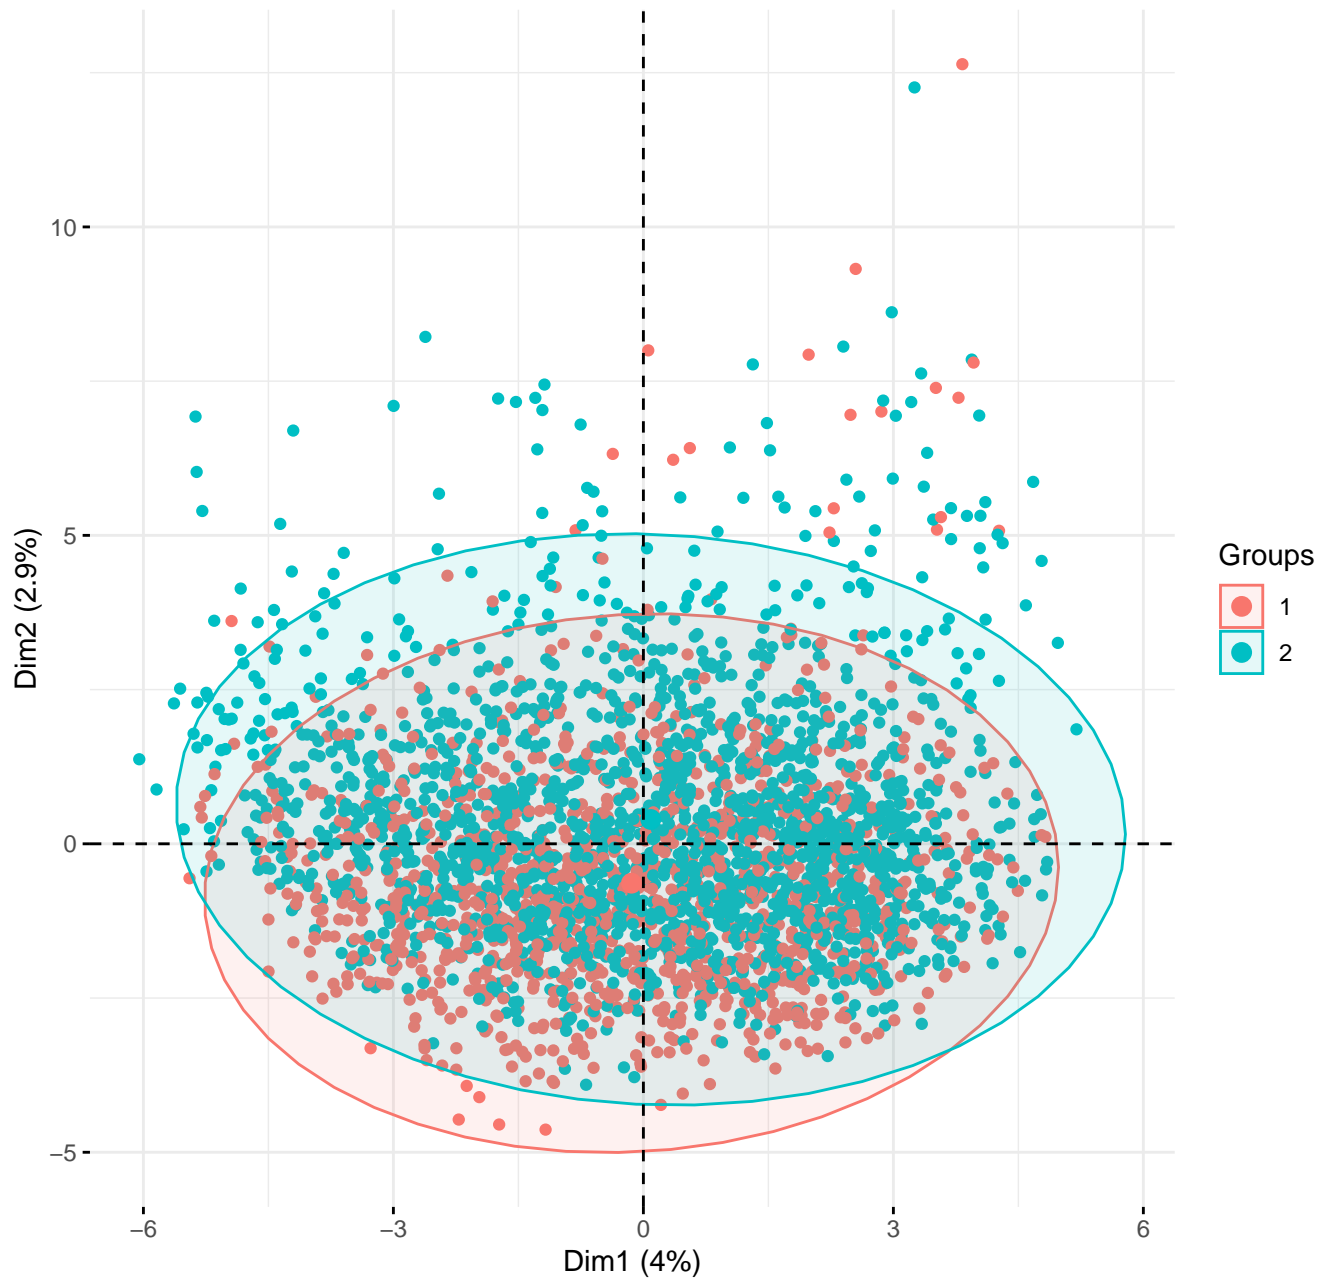

09_31_20_1: Lack of access to data generated by other
researchers or institutions is a major impediment
to progress in science

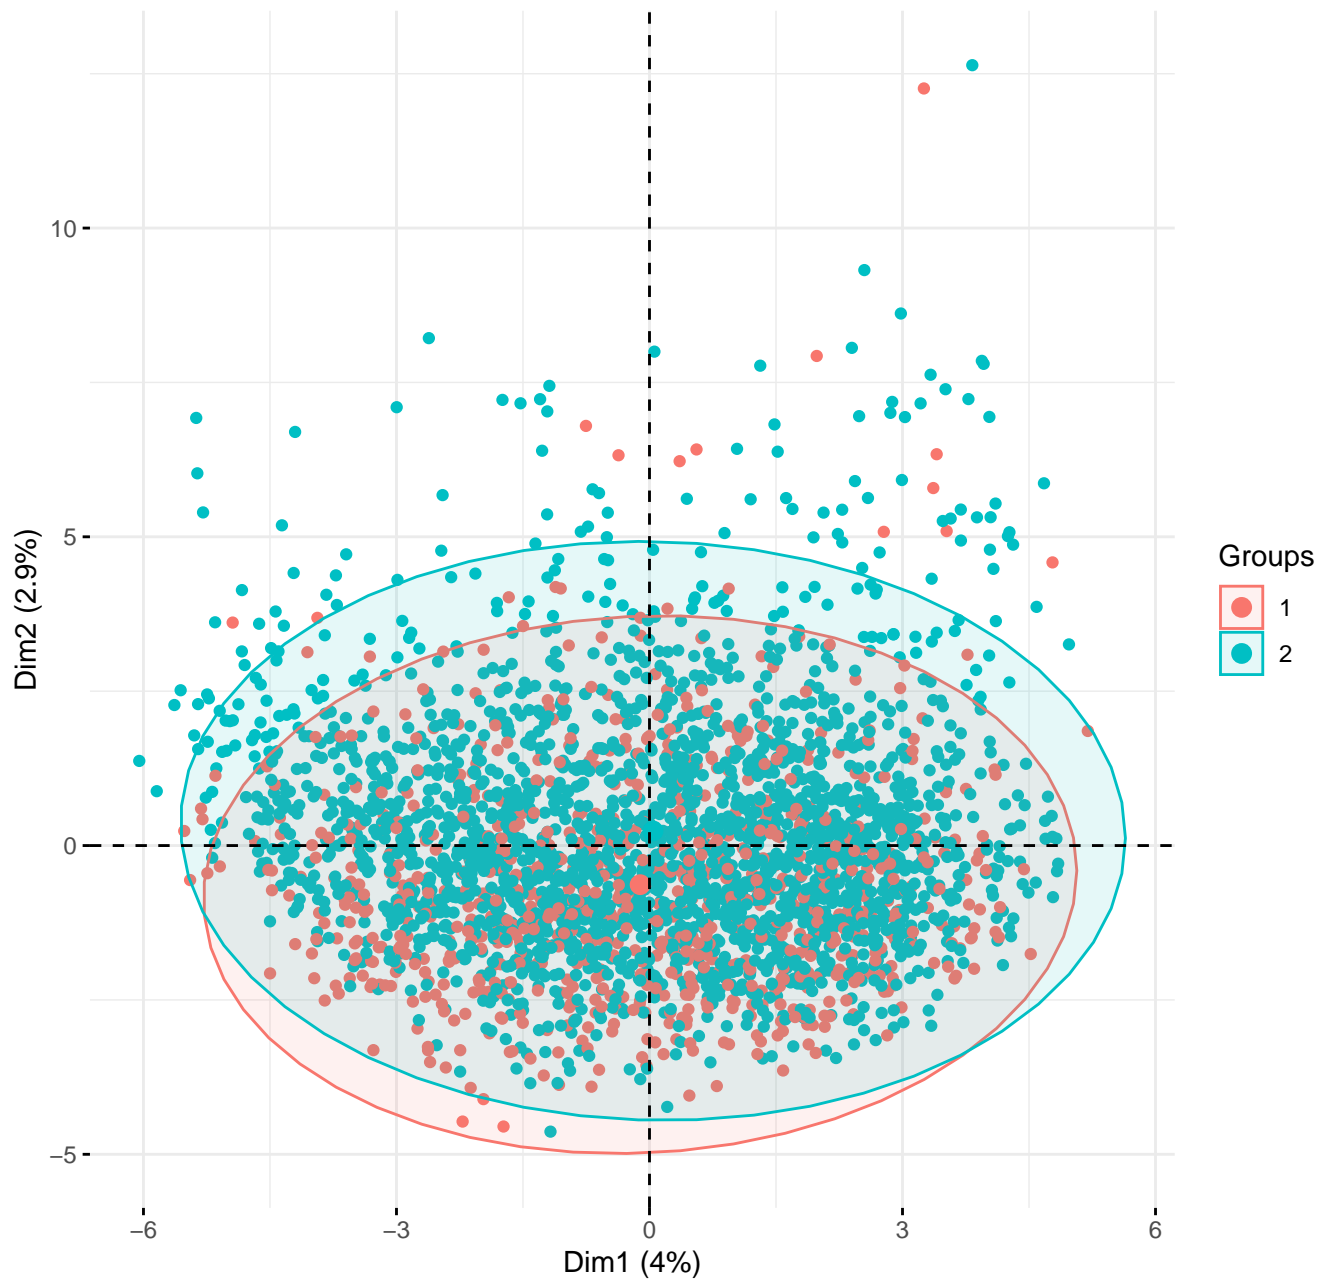

06_16_13_2: Lack of standards

06_16_13_4: There is insufficient time to make them available

06_16_13_1: Lack of funding

09_31_20_3: Data may be misinterpreted due to complexity of the data
